VIPER PRO

NEW FOR 2023!

THE ALL-NEW, LIGHTER VERSION OF THE VIPER MARCHING SHOE

Up to 50% lighter than comparable marching shoes!

50% LIGHTER

than comparable marching shoes

FEATURES

The Viper Pro is designed for those Marching athletes looking for increased support, comfort and an ultra-light glide feel. The Ultra-Light sole provides the same heel stability as the original, offering greater athletic performance, comfort and flexibility that addresses the needs of today's band athletes.

Challenge this shoe on grass, turf, gym floors, or parades and see how the NEW Viper Pro completes your look and takes your performance to another level.

DSI RENEGADE

NOW AVAILABLE IN GRAY!

Lowest profile shoe for marching, percussion, or guard

Modern marching performance requires a modern look and modern functionality. For competitive ensembles and guards seeking support for technically difficult choreography and increased athletic demand, the DSI Renegade performance shoe has the stability they need.

For game day guards under Friday Night Lights and winter percussion ensembles rocking the arena, this shoe brags an athletic design that is both comfortable and sporty. With the DSI Renegade, performers get the durability and style of an athletic shoe and the in-the-right-place support of a traditional marching and performance shoe. It's the perfect shoe for any performance venue, field to floor.

Men's Medium Sizes	2 - 13 (whole sizes)
Men's Wide Sizes	8 - 16 (whole sizes)
Women's Medium Sizes	4 - 15 (whole sizes)

DSI
RENEGADE

CROSSOVER SHOE

THE ATHLETIC SHOE WITH A MARCHING BAND SOLE

For use in practice and performance

Designed specifically for high-performance marching, the Xtreme tendon fit wraps around the mid-foot and is secured by the laces for an unmatched support. No other marching shoes provides this much stability and comfort.

FEATURES

The XTreme Tendon Fit in the mid-foot of the shoe provides unmatched support and stability. An extra eyelet on the top of the lace pattern was installed for narrow feet or for marchers who need additional ankle support. The Stabil heel cup provides superior comfort and support. The material is breathable, durable mesh that provides airflow and comfort to marchers wherever they are.

Men's Medium Sizes

2.5 - 12.5 (whole & half sizes) plus 13

Men's Wide Sizes

MTX SHOE

THE GOLD STANDARD

The industry standard for almost 20 years

Stepping onto the footwear stage in 2001, the MTX is our flagship shoe. It was the shoe that changed the industry, and still remains the gold standard for traditional marching footwear. Whether you are marching at halftime or hauling at 160 BPM, you can be sure that your feet will be protected and comfortable.

FEATURES

The MTX brags comfort and durability but displays a formal appearance and offers optimal grip in the sole. It is constructed of a pliable upper made of moisture-wicking material with a padded tongue and ankle collar. The PowerBlok heel is designed to support rapid acceleration on step-offs and to absorb impact when placing the heel, and the X-TremeTrak sole is designed to provide maximum grip on all surfaces, wet or dry. It has a reinforced toe box and a cushioned insole and heel cup for superior comfort, durability, and support. Add shoe spray for a unique look.

Men's Medium Sizes

2.5 - 12.5 (whole & half sizes) plus 13

Men's Wide Sizes

6.5 - 12.5 (whole & half sizes) plus 13, 14, 15, 16, 17, 18

Women's Medium Sizes

VIPER SHOE

TRADITION MEETS CONTEMPORARY

Formal looking marching shoe with twin-sole design

The Viper is a formal-looking marching shoe designed for a contemporary marching style. The sole is designed for a band that dances as much as it marches while still offering optimal grip and stability.

FEATURES

The twin sole provides the same heel stability as the MTX, but offers the split sole of a jazz shoe. This added flexibility offers confidence to the marcher leading toe-first just as much as to the marcher nailing an 8 to 5 on a direction change. The non-marking sole provides anti-scuff protection on floors and tarps. It has additional padding on the ankle collar to support the Achilles during all maneuvers, dance or otherwise, and a cushioned insole and heel cup for superior comfort, durability, and support.

Men's Medium Sizes

2.5 - 12.5 (whole & half sizes) plus 13

Men's Wide Sizes

6.5 - 12.5 (whole & half sizes) plus 13, 14, 15, 16, 17, 18

Women's Medium Sizes

4.5 - 14.5 (whole & half sizes) plus 15

Women's Wide Sizes

8.5 - 14.5 (whole & half sizes) plus 15, 16, 17, 18, 19, 20

VELOCITY SHOE

THE DANCING SHOE

Low-profile and slimmer fit on the foot

Designed specifically for bands who dance intensively, this shoe is made for pointed feet and comfortable turnout. It is the most sleek and narrow of our shoes, but maintains the trusted DSI durability.

FEATURES

The Velocity brags a low, more attractive profile, hugging the foot and appearing to represent the shape of a jazz shoe more than a marching shoe. The tread pattern is more inset than other shoes, and the rounded front and back of the sole allow for a smoother transition between the heel and toe. The sides of the shoe are lower to the ground and the toe box includes additional padding. This sleek architecture allows the marcher to manipulate their feet more freely than in the MTX or Viper. The shoe is lightweight, but while the Velocity is constructed to feel and appear as invisible as possible, it is capable of functioning on grass, turf, and parade streets with no notice by the wearer.

Men's Medium Sizes

1, 2, 2.5 - 12.5 (whole & half sizes) plus 13

Men's Wide Sizes

6.5 - 12.5 (whole & half sizes) plus 13, 14, 15, 16, 17, 18

Women's Medium Sizes

SHOWSTOPPER PATENT

THE BLACK TIE MARCHING SHOE

The patent finish shines on the field or on the stage

Fancy isn't reserved for the stage. The Showstopper Patent shoe is a great go-between for marching and concert band at an affordable price point.

FEATURES

The Showstopper Patent, our pioneer shoe in the DSI line, has been donned by many performing groups, including The Cadets and the Madison Scouts. We've redesigned the sole to withstand significant wear and tear. It provides superior grip on the field and has a reinforced toe box to reduce wear from high intensity movement. And although this shoe looks the black-tie part, the soft upper is designed with moisture-wicking material so performers don't have to experience the suffocation of traditional dress shoes on the field or the stage.

Men's Medium Sizes	2.5 - 12.5 (whole & half sizes) plus 13
Men's Wide Sizes	6.5 - 12.5 (whole & half sizes) plus 13, 14, 15, 16, 17, 18

CARTS & RACKS

EZ MOVER UNIFORM RACK (40 Uniforms)

Extremely durable and designed to last! The EZ Mover Uniform Rack has hanger holders for up to 40 uniforms.

Two welded eyelets on each side provide an easy way to bungee multiple racks together for easy and secure transportation. The corner posts allow the uniforms to remain secure and in place during travel without getting crushed.

The undermounted casters allow the cart to be strapped flat to a trailer wall.

The solid platforms on the top and bottom of the rack provide valuable transport space for hat boxes or additional heavy equipment.

SKU BNUREZM40

Price \$1,899.00

Ship Time  In-stock

ULTRA HEAVY DUTY GARMENT RACK

The bases and lower crosspiece are made of 2" x 2" x 3/16" angle iron - this is the stuff that ramps on car carriers and landscape trailers are made of, making this is the ultimate in heavy-duty racks!

The bolts for the crossbar at the top extend through the vertical support and directly into a grade 5 nut welded into the crossbar. The upright bolts together over a long, wide, flat area with 3 bolt points per side. By contrast, less durable carts will bolt together at a single point.

There's nothing stronger and more durable than the Ultra Heavy Duty Garment Rack.

“Being a member of the Marching Illini means working together to advocate for school spirit, always supporting our athletic teams, and constantly working towards excellence in all that we do.”

- ASHLEY B,
MARCHING ILLINI MEMBER

>>> HYPERFORMANCE

MARCHING BAND'S TOUGHEST GLOVE

Gloves are a mandatory part of any marching uniform, but you shouldn't need multiple pairs to get you through a season. The Hyperperformance Glove is made of a durable technical fabric designed to be machine washable and last longer than standard cotton gloves.

The stretchy, snugly fitting material and the printed grip pattern on the palms mean they won't slide around during performance. The breathable mesh between the fingers and on the back allow the hands to breath comfortably. The wrist is long enough to tuck into sleeves of uniforms. Available in two styles and colors, the sleek Hyperformance compliments the professional look of any marching uniform.

ULTRA BIBBERS

BIBBERS FOR EVERY BODY

Welcome to the new, expanded size standard

Not all marchers are the same size, and marching band is not for the high school musician alone. With the same quality as our premium bibbers in an expanded in-stock size range to include Youth-size and Short-length, all students can find a size comfortable for them.

FEATURES

Ultra Bibbers are made of 14 oz. wash-and-wear, 100% polyester fabric with elastic side gussets, heavy-duty, reinforced, angled suspenders, and a metal, self-locking zipper. QuickSnap inseam system provides 8" of adjustability, which eliminates hemming. Also includes sewn-in pocket for convenient storage and is available in unisex sizing.

Band together for the kids of St. Jude!

DSI has partnered with St. Jude - and your marching band or color guard can have a positive impact on kids battling cancer and other life-threatening diseases.

With your help, families never receive a bill from St. Jude for treatment, travel, housing or food - because all a family should worry about is helping their child live.

Donate now at dshowcase.com/stjude
